

Md Shahbaz Uddin

Full Stack Web Developer

PROFESSIONAL SUMMARY

Highly skilled full stack web developer proficient in MERN stack, with a strong track record of building solo and collaborative projects. Adaptable to learn new tech stacks and open to using generative AI. Valuable addition to any team, blending technical expertise with exceptional problem-solving and communication skills.

WORK EXPERIENCE

Global Web Technology

Software Development Engineer

April 2024 - July 2024

- Built and maintained MERN stack projects, managing feature development, bug fixing, and manual testing.
- Collaborated with cross-functional teams to translate project requirements into scalable backend solutions.
- Designed, developed, and optimized server-side applications using Node.js.
- Developed and debugged React Native apps, ensuring seamless functionality across platforms.

PROJECTS

1. Instalingual Video Calling App | 🌐 | 📱

REACT NATIVE | REDUX | WEBRTC | NODE.JS | SOCKET.IO | EXPRESS

- Developed and maintained applications using React Native, Redux, WebRTC, Socket.io, Node.js, and Express.
- Implemented features such as random stranger audio/video calls, follow/unfollow, rating and review systems, call duration tracking, call history, and friends list with store functionality.
- Added real-time notifications, real-time call notifications, and multi-language support for global user accessibility.
- Integrated features like mute/unmute, camera switching, and logout for a seamless user experience.
- Optimized the app for real-time communication and ensured cross-platform performance.

2. Sugar-Cosmetic-Clone | 🌐 | 📱

Chakra-Ui | React-JS | Node-Js | Express-JS | Twillio | MongoDB

- Developed a cosmetic e-commerce platform clone using Chakra-UI, ReactJS, Node.js, Express.js, Twilio, and MongoDB.
- Implemented features such as secure mobile OTP login, wishlist management, smooth shopping experience, address management, and efficient search functionality.
- Managed the entire project lifecycle from conception to implementation, taking full responsibility for architecture, development, and deployment.
